THE MANAGER SPEAKS...

I come from a day and age when education was considered service. I entered this profession not as a business man but with a vision to educate, not just to grow minds but to develop generations. Teaching is a noble profession and the only reward is the success of the child. It is said that Education teaches us to leave the world a better place than when we found it. Education is the process of instruction aimed at the all round development of boys and girls. Education dispels ignorance. It is the only wealth that cannot be robbed. Learning includes the moral values and the improvement of character and the methods to increase the strength of mind. Education serves as the mean to bring about the desired change in society, to develop a generation of virtuous individuals and thus contribute to the development of good human beings. We are the recipients of sacred and precious values imparted regularly by our teachers. A good moral based education is also a must. As an institution, we want education by which character is formed, strength of mind and knowledge increases and makes us independent. This is ours to keep forever. It is this kind of teaching we impart in our college and I have every confidence to say that along with prosperity we also have the character due to the quality of education received. We, at Hashmi Girls Degree College, constantly monitor and strive to take the education to the level that evolves human mind.

I am happy that the college is submitting its SSR for the NAAC Accreditation. I congratulate the Principal, The Co-coordinator Dr. Sant Kumar Mishra, other members of the steering committee and all teaching & non teaching members of college who worked diligently to achieve the purpose. I firmly believe that the college shall scale new heights in the times to come for the achievement of our goal is assured the moment we commit our self to it.
